

# THE FLOYD LAW FIRM, P.C.

— *fighting for your rights since 1959* —

I believe in the rights of working people and their families... that's why I began practicing law in 1959, and after 50 years of serving thousands of clients in many different situations, it's what keeps me practicing today. I feel very fortunate to be able to help people and families from all walks of life, and to partner with my son, Mark, in building one of the most respected and successful personal injury law firms in the St. Louis area. Along with our dedicated and highly experienced team, we treat every client with the utmost care and attention, with one simple goal, to use every resource at our disposal to see to it that you receive the highest compensation possible, the compensation that you deserve.

A handwritten signature in cursive script that reads "Walter L. Floyd".

Walter L. Floyd  
CEO and Founder

BELIEVING IN  
WHAT'S FAIR

## We Believe

Since 1959, when I first started The Floyd Law Firm, our core beliefs have not changed. We believe that everyone has a right to be treated fairly, especially people who work for a living and may not know who to turn to when they've been injured or wronged. We believe that everyone has a right to be heard, not just the rich and powerful. We believe that everyone has the right to not be intimidated or bullied by a large insurance company or employer. We've built our firm around these beliefs, and we are as committed to fighting for the rights of the average working person today as we were 50 years ago.

These beliefs have served us well; we have one of the highest success rates in the industry and a reputation as a firm that fights and wins. As a result, 90% of our new clients are referred to us by past clients. As an attorney, I'm proud of our firm's record and the reputation that we've built by taking a hands-on approach to every case. As a father, I'm just as proud to see my son Mark carrying on these beliefs as I pass the torch on to him. It's gratifying to know that the philosophy we've built our reputation and record on will continue to guide The Floyd Law Firm.

**Walter L. Floyd**

Walter Floyd is one of the most experienced and successful personal injury attorneys in the St. Louis area. He began practicing law upon receiving his degree from St. Louis University in 1959 and he continues to provide excellent client service to this day. His 98% recovery success rate on claims handled to completion shows the level of dedication he provides to each client.

---

## Mark L. Floyd

Mark's success began early when he made the Dean's list in 1992 while receiving his law degree from the University of Tulsa. In his first year of practice, he was awarded a \$1.96 million jury verdict. He went on to become the youngest personal injury lawyer in St. Louis to receive an "A" rating for ability from Martindale-Hubbell. After more than 15 years in practice, he is now considered one of the most respected and capable attorneys in his field. Like his father, Mark has 98% recovery success rate on claims he's handled to completion. And also like his father, Mark is preparing to lead The Floyd Law Firm into the future.

BELIEVING IN  
WHAT'S RIGHT

## Our Tradition

As a father and son practice, we have a long tradition of standing up for the rights of honest working people. We know that accidents and injuries affect not only an individual, but their entire family: lost wages and medical bills can wipe out savings, creating stress, worry and fear. We believe you have a right to fair compensation, a right to be represented, and a right to get your life back.

For more than 50 years we've been fighting and winning for families, and as Walter has passed this tradition of client service and dedication on to Mark, the Floyd tradition lives on and becomes even stronger. If you feel you have no one to turn to, turn to us and see what our tradition and beliefs can do for you.

## The Pros That the Pros Believe In

The Floyd Law Firm has long had the honor and distinction of representing many professional football, baseball and hockey players. [The firm has been selected by the NFL Players Association and the Professional Hockey Players Association as an exclusive panel member to represent professional football and hockey players.](#) This list includes St. Louis Rams and Blues players, who have been injured in the State of Missouri with their workers compensation cases.

---

### Mark L. Floyd

Mark is a member of the Missouri and Illinois Bar Associations, the Missouri Board of Trial Lawyers, as well as a panel attorney of the NFL Players Association and the Professional Hockey Players Association, where he represents injured professional football and hockey players, including Rams and Blues players, in workers compensation cases. Mark has a reputation as one of the most respected and capable attorneys in his field.

---

BELIEVING IN  
YOUR RIGHTS

## Why You Can Believe in Us

The Floyd Law Firm is a family business that is dedicated to helping everyday people, working people, family people, people like you, to get the compensation that they deserve. For more than 50 years, we've been there for those who have been injured and didn't know where to turn for help.

Today, more than ever, it's important for you to know you can believe in us. Recent tort reforms have made it increasingly difficult for injured people to receive the fair compensation they deserve, and failure to act quickly can altogether eliminate your right to seek compensation. We don't want you to become a victim of these reforms. We understand the law, and The Floyd Law Firm has one of the highest success rates in the industry- you can believe in our dedication to defending your rights, and helping you to get the compensation that you deserve.

---

### Tammy C.: Auto Collision

Tammy, a nurse and single mother received significant injuries as a result of a head-on automobile accident. She required surgery on her neck and back and was unable to return to her career as a CNA. Her settlement allowed her to buy a house, continue caring for her daughter, and have a guaranteed income for the rest of her life.

---

“As a single mother caring for several children and my own mother, the injuries I sustained in a car accident threatened more than just my life. Unfortunately, I can never return to my career. The Floyd Law Firm believed in my right to fair compensation. I’ve been able to build a house and continue caring for my loved ones, knowing that I will have an income for the rest of my life. If not for The Floyd Law Firm, I don’t know what I would’ve done.”

- Tammy C.

BELIEVING IN  
YOUR DIGNITY

## We Believe in Winning For You

At The Floyd Law Firm, we have a winning tradition, a tradition that has been shaped and built over the course of 50 years. We've built this winning tradition by giving our all to every client and every case, day in and day out. We don't shy away from taking on tough cases; our reputation and willingness to fight for our clients is well known in the insurance industry, resulting in bigger settlements for our clients.

Amongst our hundreds of jury verdicts and thousands of settlements, we have obtained many multi-million dollar settlements, but the figure that we're most proud of is 90%, the percentage of new clients that have been referred to us by past clients. It signifies that our clients believe in us and feel our dedication and client service is worth recommending to friends and family. If you, or someone you know has been injured at work or in an accident, call us and let us put our winning tradition to work for you.

---

### Columbus L.: General Negligence

This St. Louis construction worker suffered a fractured knee, along with ligament and cartilage damage, as a result of a hazard on the jobsite. The father of two was unable to work for more than a year and was unable to return to his previous career. Originally, he was offered a settlement of \$500. With the compensation he won in court, he was able to buy a home and continue to care for his family.

---

When I was injured on the job, the help that my former employer and worker's comp offered me was just an insult. A slap in the face. I spoke to another attorney and he told me to call The Floyd Law Firm. It was the best advice I've ever received. They helped me with every aspect of my case - from getting good doctors and moral support to preparing me for court and securing disability benefits. The Floyd Law Firm believed in me and I feel the benefits of that every day.

- Columbus L.

## Verdicts and Settlements

### **\$2.8 million Product Liability**

Plaintiff suffered Asbestosis and scarring of the lungs. Actual and punitive damages were won in Federal Court.

### **\$1.96 million Auto Collision**

Plaintiff suffered broken ribs, fractured pelvis and a collapsed lung in an automobile accident. The insurance company offered a pre-trial settlement of \$1 million. Compensation was won in state court.

### **\$1.76 million Product Liability (Chemical Exposure)**

A 49 year old husband and father were exposed to a cloud of acid when a container was ruptured during the demolition of a building. The chemical exposure caused reactive airways disease, interfering with his ability to work in a dusty environment as a heavy equipment operator.

### **\$1.5 million Product Liability (Asbestos)**

Asbestos judgment won in Federal Court.

### **\$1.5 million Product Liability (Asbestos)**

Asbestos case received a settlement.

### **\$1.3 million Product Liability (Asbestos)**

Local mechanic received this settlement in an asbestos case.

### **\$950,000 Auto Collision**

A farmer was hit by a tractor-trailer as he was operating his own tractor. The incident caused severe abdominal muscle injury to the farmer. The case was settled out of court.

### **\$875,000 General Negligence**

A husband and father of three suffered a back injury and multiple fractures to his hand when a wheel came loose from a moving vehicle and through the window of his automobile. The St. Louis electrician missed more than one year of work, required back surgery and multiple hand surgeries, and was unable to resume the full duties of his profession. His settlement has paid for his medical bills and lost wages.

### **\$850,000 Product Liability (Asbestos)**

Asbestos case received a settlement.

### **\$825,000 Product Liability (Asbestos)**

Asbestos case received a settlement.

### **\$800,000 Auto Collision**

A local nurse and single mother received significant injuries to head, neck and spine as a result of a head on collision. She required neck and back surgery and was unable to return to her career as a CNA. Her settlement allowed her to buy a house, continue caring for her loved ones, and have a guaranteed income for the rest of her life.

### **\$600,000 Auto Collision**

As a result of an automobile accident involving a tractor-trailer, this local father and husband of more than 40 years suffered a ruptured spleen, fractured ribs, and aggravation of neck and back arthritis. The defendant denied liability for the collision and their highest offer at trial was \$200,00.00. The verdict was obtained in the U.S. District Court, Eastern Division in St. Louis and was the largest plaintiff's verdict in the St. Louis Federal Court in 2007. It has made it possible for him to retire comfortably.

### **\$503,000 Auto Collision**

Plaintiff herniated a disk in his back as a result of an automobile accident. His verdict was won in a St. Louis County Court.

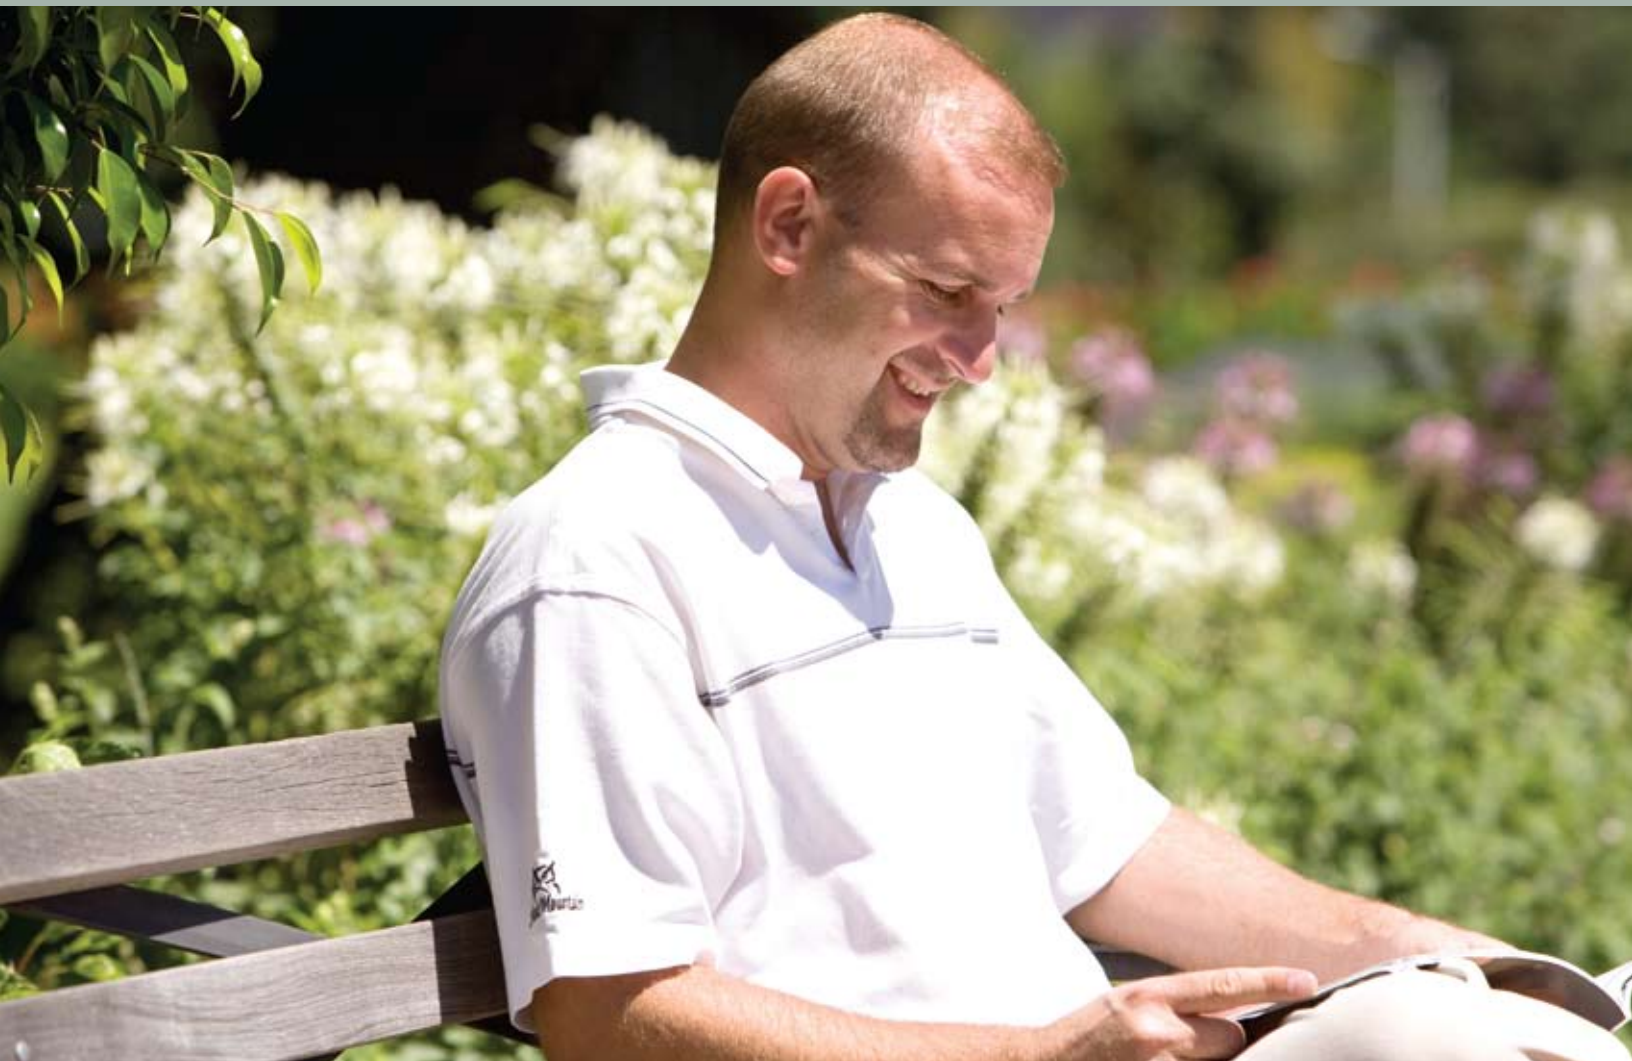

### **\$700,000 Product Liability**

A local waste removal truck operator suffered a severe fracture of his arm after the liftgate, which was proven to have not been designed with sufficient safety features, was accidentally activated.

### **\$175,000 General Negligence**

Victim received a hematoma on his leg when a car in the service drive-through of a local dealership hit him. The plaintiff is diabetic and the injury took five months to heal. The insurance company offered him a settlement of \$30,000. The verdict was won in the City of St. Louis Courts.

The above are samples of some of the thousands of settlements and verdicts obtained by Walter and Mark Floyd.

I've known Mark Floyd for years. He helped me get good doctors and a fair settlement for a shoulder injury I received on the job. He helped my wife with some problems she got from a car accident. I work with several hundred other folks in a relatively dangerous industry, and whenever someone gets hurt, I always tell them to call The Floyd Law Firm. They've helped dozens of people I know get the medical treatment and compensation they deserve. The Floyd Law Firm believes in what they do. They believe in helping people.
